LU Case Day 2018

Invitation by Lund University Case Academy (LUCA), 19-20 April, Lund

Main University Building, room 206 (The White House), University Square, Lundagård

LUCA – Lund University Case Academy was formed as a network across faculties in February 2012 to promote case-based student active learning. It was started by a group of teachers from the Faculty of Engineering LTH, School of Economics and Management (LUSEM) and the Faculty of Medicine, who share an interest in case-based methods. These include the Harvard case method, today used at LUSEM and the Faculty of Medicine, project-based learning, used in LTH, and problem-based learning used in the Faculty of Medicine. LUCA is interested in widening the participation in the network to more teachers and faculties at Lund University. LUCA organizes since 2014 a local conference each year, LU Case Day, to share experiences and contribute to development of teaching and learning practices.

Dear friends of the case based method of research, learning and teaching,

Welcome to the 5th LU Case Day. You will learn more about on-going case activities at Lund University. Furthermore, you will also meet and work with our international guests.

- *To manage and lead students in their learning processes*, Tim Field, Miriam Roland Fellow in Business Ethics, Concordia University, Canada.

- *Transforming medical training towards the case method – a programme perspective*, Peter Svensson and Christer Larsson, Faculty of Medicine, Lund University

**Place to be:** Main University Building, room 206 (The White House), University Square, Lundagård. We start with lunch April 19th 12.00 and end with lunch April 20th 12.00

All the best from this year local host of LU Case Day

*Ulf Ramberg, Ola Mattisson and Mats Urde at Lund University School of Economics and Management*
Agenda – LU Case day 2018

19th of April
12.00-13.00 Lunch

13.00-14.15 To manage and lead students in their learning process
Tim Field

14.30-15.45 Current perspectives on the Harvard Case Method and in class simulation
Michael Cronin

15.45-16.30 Transforming medical training towards the case method – a programme perspective
Peter Svensson and Christer Larsson.

20th of April
8.30-8.45 Coffee

Presentations
8.45 Real-time simulation in case teaching - examples and lessons learned from introducing
time-constrained decision-making in case work
Joakim Kembro, LTH

9.10 A student case based on science research outcomes
Anders Ahlberg, LTH

9.35 Recycling an Old Case: Experiences and Thoughts
Björn Johansson, EHL

10.00 Coffee

10.20 Student preparation for case discussion
Christian Poulsen and Eric Guthrey, Copenhagen Business School

10.45 Places and Spaces for Learning. A workshop involving the participants in
reflections on students learning in higher education and the potential impact of
physical environments on learning.
Christina Gummesson and Gudrun Edgren, Faculty of Medicine

11.45 Sum up and future steps for LUCA

12.00-13.00 Lunch
